

ADVANCE CARE PLANNING ONE DAY WORKSHOPS (Level 1a)

Learning objectives:

- explain the benefits of advance care planning (ACP)
- explore barriers to ACP
- start & document an ACP conversation
- determine who has legal right to make healthcare decisions for an incapable patient

Course pre-requisite: The four ACP eLearning modules need to be completed before attending the workshop. <https://acp.elearning.ac.nz>

The below courses are available to health professionals from any sector in the Wairarapa, HuttValley & Capital & Coast areas. The workshop is from 8:15am – 4pm.
