

2019 Training Opportunities

CASP workshop

Aims/Purpose:

This face-to-face workshop aims to provide participants starting CASP (and their managers) a clear understanding of the CASP process. The workshop also supports CASP objective writing and includes practical activities and resources.

Pre-requisite: objective setting and portfolio development eLearning (available via KoAateaLEARN and Connect Me).

Content:

- Describe key elements of the CASP process
- Identify appropriate CASP objectives
- Practice writing a CASP objective, identifying steps/actions, evidence and resources required to successfully complete a CASP objective
