

2019 Training Opportunities

IV Assessors Training

Aims/Purpose:

To train selected and IV proficient registered health professionals on how to provide IV related training & clinical support to work colleagues. This training also introduces the participant on how to formally assess a colleague's IV procedural skill using the DHB's current framework.

Content:

Covers DHB specific policies on IV & infusion therapy, finding on-line resources, clinical teaching strategies, feedback and communication, conflict resolution, direct observation of procedural skills (assessment & signing off), clinical best practice techniques.
