

2019 Training Opportunities

Woundcare - Intermediate

Aims/Purpose:

The Intermediate Study Day builds on part one and extends knowledge and skill acquisition in case scenarios, referrals and interdisciplinary collaboration in wound management.

Content:

- Impaired wound healing - chronic wounds
- Nutrition and wound healing
- Microbiology and wounds
- Smoking and its impact on wound healing
- Workshops- minor burns/skin tears, ulceration and MARSI/surgical site infection and dehiscence/diabetes and foot ulceration

Please note: content may vary slightly to that which is advertised
