

## Fundamentals of Plastic Surgery

### Learning outcomes:

Fundamentals of Plastic Surgery is aimed at guiding and supporting nurses who are new to caring for Plastic Surgery patients. It helps nurses provide better education, support and care for their patients undergoing various Plastic Surgery procedures. The day includes sessions from expert speakers with many years of experience in the field.

### Content:

- Skin grafts
- Skin cancers
- Scar management
- Wound assessment and dressing selection
- Burns assessment
- Procedural pain management
- Nursing care of flaps
- Basics of Vac therapy
