

Applying disability Equity

Learning outcomes:

This Disability Equity course is in-depth learning about Disability Rights.

The overall aim of this course is to develop, up skill and advance your knowledge and confidence when you have disabled people in your care.

There is emphasis on applying the 2DHB Accessibility Charter and unravel how to apply Enabling Good Lives principles.

You will be able to reflect and develop clinical practice using case studies from the disability community of their experience when receiving healthcare.

This day will have an interactive environment with group discussion to enable connection with disabled peoples' experiences.

Content:

Disability Theory, Enabling Good Lives, the Accessibility charter, Tangata Whaikaha, Deaf awareness, guest speakers, reflections and resources we can use.
