

2023 Training Opportunities

Improvement & Innovation Fundamentals

Aims/Purpose:

The aim of this training is to provide staff with the fundamental knowledge of the methodology and approaches used for improvement and innovation initiatives. The training teaches how to approach your initiative with an equity focus ensuring Te Tiriti o Waitangi is the foundation for your initiative. Trainees are not expected to have a project in mind to attend this course.

Content:

- Understand the Model for Improvement & Health Equity Assessment Tool (HEAT)
- Te Tiriti o Waitangi as the foundation for Improvement & Innovation work
- Ensuring initiatives are equity focused
- Applying the Model for Improvement & HEAT tool to an initiative
- Understand how to test change ideas on a small scale using Plan-Do-Study-Act (PDSA) cycles.
- How to request support from the Improvement and Innovation team.
