

## 2023 Training Opportunities

# Improvement & Innovation Workshop

### Aims/Purpose:

The aim of this training is to provide information a trainee would need to run an improvement and innovation initiative in their area of work using a number of improvement and innovation tools. The training teaches how to approach your initiative with an equity focus ensuring Te Tiriti o Waitangi is the foundation for your initiative. Trainees are not expected to have a project in mind to attend this course.

### Content:

- Understand the role of the Improvement and Innovation team.
- Understand how to build a team.
- Understand the application of Te Tiriti o Waitangi for all Improvement and Innovation initiatives.
- Ensuring initiatives are equity focused.
- Understand the importance of consumer engagement and co-design.
- Understand key Improvement and Innovation methodologies.
- Understand key improvement and innovation tools and how to use these.
- Understand how to test change ideas on a small scale using Plan-Do-Study-Act (PDSA) cycles.
- Understand the data for improvement approach.
- How to request support from the Improvement and Innovation team.
