

Moving and Handling Objects

Learning outcomes:

After completion of this course, you will:

- be able to identify hazards and undertake a LITE risk assessment prior to all moving and handling tasks
- have the knowledge necessary to reduce the risks of musculoskeletal injury caused by moving and handling in the workplace
- identify and use moving and handling equipment, understand safety features

On your return to the work area you will need to practice moving and handling techniques appropriate to your work area and service needs.

Content: (can be customised to reflect workplace & needs of participants)

- Risk Assessment
- Moving and Handling objects
- Other relevant equipment /topics as identified by participants / Managers

NOTE; Training can also be provided to teams in situ for example at team meetings. Please email to arrange this Eleanor.barrett@ccdhb.org.nz
