

Speak Up – Safety Leadership

Aims/Purpose:

This programme aims to support a safety culture in our organisation and is only available to Te Whatu Ora Capital, Coast and Hutt Valley staff.

Content:

Understand the importance of and challenges to speaking up in a healthcare environment

- Apply a graded assertiveness tool to a case study where harm may be about to occur
- Reflect on their readiness to use graded assertiveness to raise concerns in their work
- Understand where to seek assistance to support a safety culture in their workplace
