

2023 Training Opportunities

Violence Intervention Programme (VIP) Training (VIP Core)

Aims/Purpose:

This training is sponsored by the Ministry of Health and is designed to ensure clinicians are able to recognise and respond effectively to the signs and symptoms of both child abuse and intimate partner violence.

Content:

The purpose of the Violence Intervention Programme (VIP) Core training is to educate and train staff to work with:

- Intimate Partner Violence by using the Ministry of Health's 6 step model: routine enquiry, validation and support, health and risk assessment, safety planning, referral/follow up and documentation processes.
- Child Abuse and Neglect by using the Ministry of Health's 6 step model: identify, validation and support, health and risk assessment, intervention/safety planning, referral/follow up and documentation.

The training is a requirement for all staff delivering direct clinical service working in the core designated services:

- Maternity Services
- Child Health Services
- Emergency Department
- MAPU
- MHAIDS (including inpatient and community services)
- Plastics

Family Violence is an issue of fundamental importance to the health of New Zealanders. Evidence shows that health care providers can make a crucial difference to identifying and supporting the victims of violence.
