

VIP (Violence Intervention Program) Core Training

Learning outcomes:

This training is sponsored by the Ministry of Health and designed to ensure clinicians are able to recognise and respond effectively to the signs and symptoms of **child abuse and intimate partner violence**. There is an eLearning module that needs to be completed before attending this course.

Content:

The purpose of the VIP (Violence Intervention Programme) Core training is to educate and train staff to work with:

- Intimate Partner Violence - using the Ministry of Health’s 6 step model: routine enquiry, validation and support, health and risk assessment, safety planning, referral/follow up and documentation.
- Child Abuse and Neglect - using the Ministry of Health’s 6 step model: identify, validation and support, health and risk assessment, intervention/safety planning, referral/follow up and documentation.

The training is a requirement for all staff delivering direct clinical service working in the core designated services:

- Maternity
- Child Health
- Emergency Department
- MHAIDS (including inpatient and community services).

Enquiries from staff working in other clinical areas are welcome.
